PEP, sanctions, watchlist and adverse media screening record | Generated 15 October 2024

3. Sanctions and Watchlist Screening

List checked	Result	Screening notes
UK HM Treasury Consolidated List	No match	No exact or probable match identified.
UN Security Council Sanctions List	No match	No exact or probable match identified.
EU Consolidated Financial Sanctions List	No match	No exact or probable match identified.
OFAC SDN List	No match	No exact or probable match identified.
Law enforcement and watchlist indicators	No match	No relevant watchlist alert identified.

4. Adverse Media Review

Search area	Result	Summary
News and media sources	No adverse findings	No relevant adverse media identified for John Bloggs using screening terms relating to fraud, corruption, sanctions, money laundering, bribery or investigation.
Public record indicators	No adverse findings	No material public record concern identified in the screening output.
Name similarity review	No material match	Non-exact name hits were assessed as unrelated based on available identifiers.

5. Compliance Assessment

This record evidences screening of John Bloggs only. The screening request and report do not evidence PEP or adverse media screening of Joe Bloggs, the buyer named elsewhere on the conveyancing file.

Subject screened	John Bloggs was the subject of this PEP and sanctions screening report.
Risk indicators	No PEP, sanctions, watchlist or adverse media indicators were identified from the screening output.
Next action recorded	No escalation required based on this screening record alone. Retain the report with the AML file and confirm separate screening evidence exists for the matter client.
